Welcome to Titoki E News,

Great to host you on our latest E-news.

Titoki Christian Healing Centre has a new updated and exciting web-site please visit us and comment or share on Facebook. Lynda Lee, web designer extraordinaire visited us, and during her stay felt to offer her expert web design capabilities.

Response to the new look site has been very positive. To visit, enter in your search engine, something such as "Christian Healing Centre, NZ". Hopefully we will be high on the list.

Included here are short introductions to Mary-Anne and Berta; both admirable assets to the daily functioning of Titoki. We so enjoyed hosting Avery who came, had fun, was helpful, and left inspired.

Winter has arrived with blankets of cloud and soft rain. Titoki flourishes whatever the season, and our welcome is warm; a guest recently commented on amazing hot showers. Hot water and heating, plus log fires, make this a great place for a winter respite. Wholesome nutritious food and warm hospitality are always on the menu here. Time your visit to be here for our Wednesday service and you will receive rich spiritual food, and enjoy morning tea and fellowship with our faithful attendees.

With a prayer for your good health and abundant blessings. Chaplain, Cherry.

What's been happening at Titoki

1. Complete internal painting of Kowhai residence
2. Outside walls of all the buildings are being water blasted and roofs are to be demossed and all spoutings cleared when all the trees have dropped their leaves
3. We have been making preserves from our produce in our orchard and vegetable garden
4. The vegetable garden continues to flourish.

Introducing new team member: **Roberta Devereaux**

Roberta has joined the team for the remainder of this year. Berta, she has much experience in Christian guesthouse ministry as well as mission.

Roberta delights in "keeping a house in order" so is taking responsibility for this in Ferguson House. As she delights in working outside she is dividing her time inside and outside tasks.

She is a great addition to the team and we thank the Lord for bringing her to us.

Visiting Volunteer from the US

Avery Ross has been with the Titoki team for 5 weeks, working outside as well as

serving in the kitchen. Avery is from Georgia, USA and decided to take a different sort of a holiday by volunteering in New Zealand. Roger has been happy to have on-site help with chores. Avery is a sous chef for his student job, so was a dab hand in the kitchen. He has also worked in vineyards so we asked him to prune the vines.

New morning cook

Mary-Anne Pierce has been employed as a part time cook to prepare the midday meal when we have guests and volunteers at Titoki. She will also help Berta as needed with other household duties. She is a great baker as those who are around for morning and afternoon tea can confirm! Mary-Anne lives in the locality of Titoki so it is a win-win situation for us all!
